**August 15th 2017: Encore: Managing *C.difficile* from Hospital to Home: How the Right Practices and the Right Products Can make a Difference**

Join us as guests Sue Barnes, RN, BSN, CIC, FAPIC, Independent and Board Certified Clinical Consultant in Infection Control and Prevention and APIC Fellow with Lori Strazdas, MPH - Public Health Liaison with Clorox Healthcare discuss the importance of *C. difficile* and how difficult of an infection it is to manage not only for patients but for the caretakers and loved ones. Before the patient leaves the hospitals, it is critical to understand the proper steps to reduce the spread of *C. difficile* spores in the home environment. In this episode, learn why it is important to focus on the home
