Tuesday at 12 Noon Pacific
December 5th 2017: Is Gold Building a Base for Something Big?

Jeff Clark visits for the first time. Brian Groves returns. Michael Oliver is on jury duty this week and as such he is unavailable. Global demand for physical gold from both the private sector and central banks is increasing while at the same time production from the mines is in decline. With those fundamentals in place, what could possibly stop 2018 from being an even better year for gold than 2017. Jeff will opine on that and other issues. Brian will return to talk about the progress being made by Genesis Metals to respond to the demand for gold. We will ask Brian to talk about what the lat
