July 30th 2018: Encore: Red Blood. Green Money.

Civil society relies on a functional social contract. Jean-Jacques Rousseau, a seminal thinker from the European Renaissance Period believed that "The general WILL of the people should direct the state towards the Common Good. Hence the good of the community is more important than individual interests". This used to be the way of life in most democracies and societies rooted in morality. However, somewhere along the way, self-interest and accumulation of individual wealth, power and access have become the calling. With this fundamental paradigm shift, civility and civil society have become cas
