October 17th 2019: Encore: The Evolution of Teen Technology and Exploitation

This week we are going to look at how communication, relationships, and sexual exhibition has changed based on new technologies. For one-to-one conversations, it started with email then moved to texting. Facebook followed and we began to choose who would be our "friends" and "unfriended" the undesirables. Today, most teens would die of embarrassment using either email or Facebook. In fact, less than 5% of Facebook users are teenagers. From instant messaging apps to mass audience individual live-streaming and video chat rooms, technology has literally torn down the walls of our homes while
