March 9th 2020: Compassionate Coexistence with Predators

Coexisting with America's Song Dog, with Camilla Fox and Robert Crabtree America's Song Dog, the Trickster, of mythological status to Native Americans; Clever and intelligent, they are critical players in ecosystem health, yet they are the most persecuted. Today I welcome guest experts from Project Coyote: Camilla Fox, Founder and Executive Director and Dr. Robert Crabtree, Scientific Advisory Board member. We learn from Fox and Crabtree why our model of predator management in the form of "coyote killing contests" and extreme exploitation is not, and will not work- particularly for our Wile E

Dr. Robert Crabtree
Dr. Robert Crabtree is Chief Scientist at the Yellowstone Ecological Research Center (YERC) in Bozeman, Montana and is Research Associate Professor in the Department of Ecosystem and Conservation Sciences at the University of Montana in Missoula, Montana. Since an early age, he has been fascinated with the process of predation and published his first paper while working in the North Cascades, as an undergraduate at the University of Idaho. He received his MS from Utah State University where he examined predation on waterfowl nests at Bear River Migratory Bird Refuge. He received his PhD at the University of Idaho where he focused his dissertation on coyote population demography and social st
