**March 4th 2009: Is IT insourcing becoming the "IN" thing?**

The global economic slump has prodded IT leaders into considering new ways to become self-reliant. Coveted outsourcing destinations are more expensive than they used to be. The IT talent pool has been overfished. And, the dream of an "idea economy" where corporations keep the elite idea generation in-house and outsource the grunt work, has had its problems. Is the time right for insourcing?
