

Preparing for Robots! Archives Available

Preparing for Robots examines the effect of all things digital on humans! Leaders looking for efficiency and cost-savings must remember to address the wide-ranging impact on employees as this new digital age offers explosive growth, change and expansion into the workplace. The subject has gotten very technical and in doing so, many business leaders and professionals have stopped paying attention. It doesn't have to be this way.

With robots, AI and other tech quietly threatening human jobs as much as providing new and exciting advances, employees need to be better prepared to demonstra
