October 16th 2009: The Clitoris and Female Arousal

The clitoris is packed with pleasurable nerve ending; 8,000 to be exact, but most people have no idea how powerful this little anatomical feature is. Did you know that the clitoris has legs? Did you know that the female body has just as much erectile tissue as the male body? Ladies listen in as our guest talks all about the clitoris and the little known arousable parts of the female genitals. This information is cutting edge, long forgotten and totally taboo. So guys listen in too because you can learn how to navigate the mystery and become a better lover by understanding what pleasures t
