**August 2nd 2011: Healing Nutrition: What
Patients and Caregivers Should Know About
Eating Well Through Cancer**

Join host Kim Thiboldeaux and 3 expert panelists for a discussion on the importance of healthy eating through cancer. Cancer and its treatment can sometimes have negative health effects that make it hard to eat well. Fortunately, nutrition therapy is available to help patients get the nutrients they need to maintain their body weight and strength, keep body tissue healthy and fight infection. Healthy eating habits and good nutrition combat the effects of cancer and its treatment, leading to a better chance for recovery and increased quality of life. Be sure to tune in to this compelling episod
