Awakening to Conscious Co-Creation Archives Available

December 28th 2011: Is Consciousness the Unified Field? with Dr. John Hagelin

Progress in theoretical physics has lead to the discovery of a single universal, unified field at the basis of all forms and phenomena in the universe. At the same time, cutting edge research in the field of neuroscience has revealed the existence of a unified field of consciousness. John Hagelin, Ph.D. will discuss these parallel discoveries and raise questions concerning the relationship between the two. Dr. Hagelin will engage us in a fascinating exploration of the vast range of human potential; an all-encompassing perspective of humanity that is both visionary and practical.
