**July 22nd 2013: The Emotional Rescue of
Engineering Education: Dr. Dave Goldberg's
Surprising Mission to Unleash a Whole New
Engineer**

Humans, with a population of 7 billion people and growing, increasingly depend on engineers for our survival and quality of life. Yet the engineering pipeline is threatened as fewer students choose the profession, in part because they must survive a math-science death march and in part because the journey is viewed as a lonely survival of the fittest. Dr. Dave Goldberg wants to change that. Drawing on a 34-year career as engineer, educator and coach, Dave seeks to rewire engineering education so that it entices young people and motivates them to become whole-brained, -bodied and -hearted engin
