February 15th 2016: The Future of Astrology

What does the future hold for this cosmically inspired, brilliantly conceived, ancient language? Will upcoming major transits promote or diminish its validity, popularity and usefulness? Are there any unresolved astrology or astrologer issues being projected into the public, which could create trust issues for the profession or its professionals? Can we anticipate having this universal wisdom become an integral part of how corporations and governments perceive their roles in society and conduct themselves? What about innovatively utilizing the entertainment and multi-media industries as launch
