The Power of Partnerships: Changing the Game for Digital Transformation, Presented by SAP
Thursday at 7 AM Pacific /10 AM Eastern
January 17th 2017: AI and the Conversational Era: Connecting People to Technology

The buzz: “Can we talk? (Joan Rivers). 2016 was a pivotal year for Global 2000 companies to align practical AI applications and embrace intelligent, conversational technology. As enterprise tech space gurus sang the praises of conversational AI’s potential, enterprises were listening with open ears, minds, and checkbooks. How can YOU take AI off the bench, make it a star player in your portfolio, avoid fouls, and lead your organization into this new era? The experts speak. Robin Kearon, Kore: “This mission is too important for me to allow you to jeopardize it” (HAL, 2001: A Space Odyssey, 196

Frank Diana

Frank Diana is a Managing Partner and Futurist at Tata Consultancy Services, as well as a thought leader and frequent speaker. He has served in various C-Level roles throughout his career and has over 35 years of leadership experience. Currently at TCS, he is focused on a future shaped by changes in the societal, geopolitical, and economic landscape, and the associated implications for business. He blends a futurist perspective with a pragmatic, actionable approach gained through years of dealing with the practical realities of business. He scans multiple horizons with a strong ability to connect dots and identify future scenarios quickly and broadly.
