May 10th 2017: Acing the 4 Critical Behaviors for Leadership Success

As per McKinsey Organizational Health Index, top reported behaviors of successful leaders include solving problems effectively, operating with strong results orientation, seeking different perspectives, and be supportive of others. These should be table stakes for any leader, but apparently, they are not. What prevents it and what can you do to make these critical behaviors your second nature? Guest: Helen Norris, Chief Information Officer, Chapman University
